

MD. KAWSAR HAMID

B.SC. IN CSE | FRONTEND WEB DEVELOPER

+880 1601-532640 | mdkawsarnk78@gmail.com | Khilkhet, Dhaka, Bangladesh

LinkedIn | GitHub | Portfolio

CAREER OBJECTIVE

Motivated Computer Science and Engineering graduate and frontend web developer with practical experience in React, Next.js, the MERN stack, and API integration. Seeking an entry-level web development role to build responsive, scalable, and user-focused digital products while contributing strong problem-solving, teamwork, and continuous-learning abilities.

EDUCATION

2022–2026	B.Sc. in Computer Science & Engineering Green University of Bangladesh	Expected Aug 2026
2019	Higher Secondary Certificate (Science) Lalmai Government College	GPA: 3.42
2017	Secondary School Certificate (Science) Premnol High School	GPA: 4.36

EXPERIENCE

Frontend Web Development Intern, 9 AM Solution

Mar 2026 – May 2026

- Converted UI/UX designs into responsive web interfaces using React and Tailwind CSS.
- Integrated REST APIs and improved application performance.
- Used Git and GitHub for version control and team collaboration.

SELECTED PROJECTS

PawHaven – Full-Stack Pet Adoption Platform

Live | GitHub

A full-stack pet adoption platform where users can explore pets, submit adoption requests, and manage the adoption journey. Pet owners can create, update, and delete listings and handle adoption requests through a secure dashboard.

KeenKeeper – Relationship Management Application

Live | GitHub

Developed a modern and interactive relationship management application that helps users track interactions, monitor relationship health, and maintain meaningful connections.

Tiles Gallery – Responsive Product Showcase

Live | GitHub

Created a modern, responsive application for showcasing premium tile collections, with high-quality visuals and a seamless user experience across devices.

PROFESSIONAL TRAINING

Programming Hero Web Development Course

Batch 13 | ID: WEB13-1448

Completed a structured MERN Stack web development course with Jhankar Mahbub, covering frontend development, full-stack application building, API integration, and deployment workflows.

TECHNICAL SKILLS

Programming / Stack	JavaScript, TypeScript, React, Next.js, Node.js, Express.js, MongoDB
